New CD release

**'Dul ar Strae**

*Energy, Exuberance, Courage* - all of this and more you'll find in the new CD from the band Walter & Co., a youth-band full of energy and promise. Hailing from West Kerry, this group makes their own of well known classics and brand new songs alike, as expected in this highly musical part of the county. Sorchá Ní Bhriain, Oisín Ó hEartáin, Dibi Ó Briain, Gabí Juillet and Conor O'Brien Shea - these are **Walter & Co.**, proclaiming their own unique brand of music, independent and without fear, from the highest peaks to the four winds.

This new CD comprises four excellent tracks. **Mórán Míle** (*Many the Miles* by Sara Bareilles) straight from the heart full of passion and pulsating rhythm, enough to raise your soul on a dark winter's day.

Newly written **'Dul ar Strae** brings us on a pilgrimage of life, keeping us safe till all things come around once again to become 'okay'.

Walter & Co. deliver a beautiful version of Glen Hansard's **Falling Slowly**, a song which has fallen slowly into the hearts and minds of young Irish speakers around the country since first being translated.

The lively spark and deep force of music and rhythm in **Saor** sets us free from the ties of life raising us up and leaving the listener with a thirst for more songs from this more than talented youth band who are only getting started.
