Planning Authority's Conclusion on the Environmental Impact Assessment (EIA) Screening of the proposed reconstruction of coastal protection works along 30m of the L1033 located in the townland of Ballyheigue, Ballyheigue, Co Kerry,

It is noted the proposed works as described in the plans and particulars relate to the reconstruction of c.30m of pre-existing coastal protection works located along the L1033, near Ballyheigue village, Co Kerry. As reconstruction works it is noted the project therefore falls within the exclusion outlined in Class 10(k), Part 2 of Schedule 5 of the Planning and Development Regs, 2001 (as amended). As such no EIA/Screening is required for the proposal to reconstruct coastal protection works along 30m of the L1033 located in the townland of Ballyheigue, Ballyheigue Co Kerry.

It is considered that the above contains a fair and reasonable assessment of the project and associated works and is adopted as the conclusion of Kerry County Council in relation to EIA.
