Townland: Meenbannivane

Parish: Knocknagoshel (Civil)

Barony: Trughanacmy

Local name of graveyard: Knockane

ITM Co-ords: E506359, N619967

RMP No.: KE023-010, recorded as a Children's Burial Ground in the NMS online database and as a burial ground in the RMP, sheet 023..

No. of tombs: 1

No. of named headstones: 441

No. of graveslabs: 1

No. of unnamed gravemarkers: 8

No. of perforated stones: 1

1. Introduction

Knockane graveyard was surveyed using a Magellan ProMark 3 Rover and Base station and presented in Irish Transverse Mercator (ITM). The GPS graveyard survey datasets were exported using Hangle software from GPS Ireland and then exported into AutoCAD and finished using Adobe Illustrator. Reference numbers mentioned in the main body of the report relate to the ID point given when the survey was undertaken (see A3 plan, Figure 2 below). A digital photographic record and surname database was also compiled to complement the cartographic survey (see Appendices). Digital photographs of all the features within the graveyard are referenced in the appendix and all photographs are included on the attached disc.

The survey was undertaken with due regard to:

- Conservation principles as produced by ICOMOS in the Venice and Burra Charters
- The publication in 2004 of the Architectural Heritage Protection-Guidelines for Planners by the DoEHLG, (now DAHG)
- The heritage objectives as outlined and adopted in the current Kerry County Council Development Plan 2009-2015, Built Heritage (Chapter 10)

The Convention for the Protection of the Architectural Heritage of Europe was signed at the Granada Convention in 1985 and ratified by Ireland in 1997. The conservation aims as stated in the Burra Charter are for the retention or restoration of historical significance with the minimum of physical intervention and that such intervention work be reversible, maintain the structure's character and setting and that all conservation works should be undertaken following comprehensive research.

An information booklet on care and maintenance for tombs should be compiled and supplied to the relevant parish church.

All of these graveyards are recorded monuments protected under the National Monuments (Amendment) Act 1994 and under the jurisdiction of Kerry County Council. All proposed works should be carried out by experience competent personnel under expert archaeological / architectural guidance and supervision. As these sites are recorded monuments conservation and restoration works can only be carried out under license from the National Monuments Service of the Dept. of Environment, Heritage and Local Gov.

2. Site Location

Knockane graveyard is situated in the townland Meenbannivane approximately 1km south-east of Knocknagoshel and *circa* 12 km north north-east of Castleisland (Figure 1). The site is situated on sloping, south facing land overlooking the Tullyleague River, low lying ground at OD 100m (Plate 1).

3. General

The burial ground at Meenbannivane dates to the latter half of the 19th century possibly around 1860 and it may have been selected on the basis of an earlier Children's Burial Ground. No trace of the use of the local name 'Knockane' could be found in documentary or cartographic sources. The name Meenbannivane is similar to Kilbannivane near Castleisland (KE040-028).

4. Approach and parking

Knockane is approached from a third class road west from the N21 exit at Headleys Bridge or south from Knocknagoshel village. There is ample carparking provided along the roadway (Plate 2 & Figure 2).

5. Entrance

The entrance into the graveyard is via an iron gate set between two square, squat, rubblestone and uncapped piers (Plate 2).

5.1 Recommendations

No recommendations necessary

6. Services & Signage

There are no water or waste collection services provided .

6.1 Recommendations

Water and waste collection should be provided.

7. Boundaries

The rectangular graveyard is enclosed by a low rubble stone cement capped wall along its northern limits. While the west, south and east boundary walls are higher at 1.6m with 'soldier' capping (Plates 2-3).

7.1 Recommendations

No recommendations necessary.

8. Pathways

There is a formal gravelled pedestrian path extending around the entire inner perimeter of the burial ground (Figure 2 & Plates 2-4). Linked to the perimeter path is a N-S connected at mid point to an E-W spur (Figure 2).

The steeply sloping terrain and density of the burial plots has made the possibility of internal desire lines unlikely. There are no other paths or desire lines in the interior of the old graveyard which is well maintained and grass kept low.

8.1 Recommendations

No recommendations necessary

9. Tombs

There is only a single tomb in Knockane graveyard (Plate 5). This is most likely due to the fact that above ground family tombs were going out of fashion by the late 19th century and the graveyard was only opened around 1860. The two tiered strong box type tomb was erected by John O'Connor in 1862 of ashlar limestone and is in good repair.

9.1 Recommendations

No recommendations necessary

10. Named Headstones

There are four hundred and forty one (441) recorded named headstones in total at Knockane. The earliest headstone recorded in Knockane records the death of Denis Leane who died in 1876, (Appendix 2). The vast majority are in good order however a few of the 'Celtic' style type in the older area are completely engulfed in ivy. A large unusual headstone to Catherine O'Halloran in the church has partially collapsed while another, (Barry HS No. 186), lies shattered on the ground. Many of the headstones in the medieval burial ground area also require professional cleaning as the lichen has made the inscriptions virtually illegible.

A single headstone was inscribed in Irish. This unusual Celtic revivalist stone is also painted in a variety of colours (HS No.175). There are four headstones of Irishmen who served with the U.S. armed forces two of whom are O'Connor's which is one of the most common names in the area (HS Nos. 236, 292, 296 and 434, Appendix 2).

10.1 Recommendations

No recommendations necessary

11. Graveslabs

There is one horizontal rectangular graveslab in Knockane for the Carmody family in good order (GRVS 1, Figure 2 & Appendix 3).

12. Unnamed, unhewn, Gravemarkers

There are eight unhewn, unnamed gravemarkers in Knockane. These unnamed grave-markers are denoted on the plan of the graveyard as blue triangles (Figure 2). It is evident from the spatial patterning of them that they reflect an informal grave-setting in that the ground around them is usually simply grass without a formal plot.

12.1 Recommendations

The unnamed headstones and their associated informal grass covered graves should be retained and protected without further intrusion from nearby formalised grave settings. No burials should take place in these informal burial areas unless proof of ownership can be established.

13. Perforated stone

There is one perforated or holed unhewn gravemarker in Knockane graveyard. The low rectangular slab has small centrally disposed hole in its upper limits. The hole is straight and was most likely mechanically drilled (Figure 2 & Plate 6).

13.1 Recommendations

No recommendations necessary

14. Summary of recommendations for future management/conservation of Knockane church & graveyard

- Services, including water and waste collection should be provided.

Note on Recommendations

All recommendations as set out above are recommendations only based on visual site fieldwork undertaken by the writer. No invasive or other intervention work was undertaken in the course of producing this report. Access into the surviving church tower was not possible as the entrance was boarded up. Ultimately, no responsibility will be accepted by the writer with regard to the undertaking of the conservation work as recommended in this report and based only on visual inspection. The ultimate decision on recommendations etc rests with Kerry County Council and the National Monuments Service of the Dept. of Environment Heritage and Local Government.
